## **Important Notice from Piedmont Community HealthCare About Our Prescription Drug Coverage and Medicare**

The Office of Personnel Management (OPM) has determined that Piedmont Community HealthCare prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. Thus you do not need to enroll in Medicare Part D and pay extra for prescription drug benefit coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage with Piedmont Community HealthCare.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you terminate your FEHB coverage, you may not re-enroll in the FEHB Program.

---

### **Please be advised**

---

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what most other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15th through December 7th) to enroll in Medicare Part D.

### **Medicare's Low Income Benefits**

*For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call the SSA at 1-800-772-1213 (TTY 1-800-325-0778).*

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit [www.medicare.gov](http://www.medicare.gov) for personalized help,
- Call 1-800-MEDICARE (1-800-633-4227), (TTY 1-877-486-2048).

## Introduction

---

This brochure describes the benefits of *Piedmont Community HealthCare* under our contract (CS 2858) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer service may be reached at 1-800-400-7247 or through our website: [www.pchp.net](http://www.pchp.net). The address for *Piedmont Community HealthCare* administrative offices is:

Piedmont Community HealthCare Benefit Plan  
1937 Thomson Drive  
Lynchburg, VA 24501

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2014, unless those benefits are shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2014, and changes are summarized on page 14. Rates are shown at the end of this brochure.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at [www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision](http://www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision) for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan does meet the minimum value standard for the benefits the plan provides.

---

## Plain Language

---

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means *Piedmont Community HealthCare*.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

---

## Stop Health Care Fraud!

---

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

**Protect Yourself From Fraud** – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except for your health care provider, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.

- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claim history for accuracy to ensure we have not been billed for services that you did not receive.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
  - Call the provider and ask for an explanation. There may be an error.
  - If the provider does not resolve the matter, call us at (434) 947-4463 and explain the situation.
  - If we do not resolve the issue:

**CALL - THE HEALTH CARE FRAUD HOTLINE**

**1-877-499-7295**

**OR go to [www.opm.gov/oig](http://www.opm.gov/oig)**

**You can also write to:**

**United States Office of Personnel Management  
Office of the Inspector General Fraud Hotline  
1900 E Street NW Room 6400  
Washington, DC20415-1100**

- Do not maintain as a family member on your policy:
  - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
  - Your child age 26 or over (unless he/she was disabled and incapable of self-support prior to age 26).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- Fraud or intentional misrepresentation of material fact is prohibited under the plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining services or coverage for yourself or for someone who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

## **Preventing Medical Mistakes**

---

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

### **1. Ask questions if you have doubts or concerns.**

- Ask questions and make sure you understand the answers.

- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you ask questions and understand answers.

## **2. Keep and bring a list of all the medicines you take.**

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines and dosages that you take, including non-prescription (over-the-counter) medicines and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medicine is what the doctor ordered. Ask the pharmacist about the medication if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

## **3. Get the results of any test or procedure.**

- Ask when and how you will get the results of tests or procedures.
- Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
- Call your doctor and ask for your results.
- Ask what the results mean for your care.

## **4. Talk to your doctor about which hospital is best for your health needs.**

- Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital.

## **5. Make sure you understand what will happen if you need surgery.**

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
  - "Exactly what will you be doing?"
  - "About how long will it take?"
  - "What will happen after surgery?"
  - "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications or nutritional supplements you are taking.

## **Never Events**

You will not be billed for inpatient services related to treatment of specific hospital acquired conditions or for inpatient services needed to correct never events, if you use Piedmont Community HealthCare preferred providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

When you enter the hospital for treatment of one medical problem, you don't expect to leave with additional injuries, infections or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, too often patients suffer from injuries or illnesses that could have been prevented if the hospital had taken proper precautions.

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores and fractures; and reduce medical errors that should never happen called "Never Events". When a Never Event occurs neither your FEHB plan nor you will incur cost to correct the medical error.

## FEHB Facts

---

### Coverage information

- **No pre-existing condition limitation**

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.

- **Minimum essential coverage (MEC)**

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at [www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision](http://www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision) for more information on the individual requirement for MEC.

- **Minimum value standard**

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan does meet the minimum value standard for the benefits the plan provides.

- **Where you can get information about enrolling in the FEHB Program**

See [www.opm.gov/insure/health](http://www.opm.gov/insure/health) for enrollment information as well as:

- Information on the FEHB Program and plans available to you
- A health plan comparison tool
- A list of agencies who participate in Employee Express
- A link to Employee Express
- Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Benefits*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- What happens when your enrollment ends
- When the next Open Season for enrollment begins

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

- **Types of coverage available for you and your family**

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

**If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.**

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at [www.opm.gov/healthcare-insurance/life-events](http://www.opm.gov/healthcare-insurance/life-events) . If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

• **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below.

<b>Children</b>	<b>Coverage</b>
Natural, adopted children, and stepchildren	Natural, adopted children and stepchildren are covered until their 26 <sup>th</sup> birthday.
Foster Children	Foster children are eligible for coverage until their 26 <sup>th</sup> birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children Incapable of Self-Support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married Children	Married children (but <b>NOT</b> their spouse or their own children) are covered until their 26th birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

You can find additional information at [www.opm.gov/insure](http://www.opm.gov/insure).

• **Children’s Equity Act**

OPM has implemented the Federal Employees Health Benefits Children’s Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or

If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Contact your employing office for further information.

• **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2014 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2013 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

• **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

• **When you lose benefits**

In lieu of offering a non-FEHB plan for conversion purposes, we will assist you, as we would assist you in obtaining a plan conversion policy, in obtaining health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace. For assistance in finding coverage, please contact us at 434-947-4463 or visit our website at [www.pchp.net](http://www.pchp.net).

• **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31<sup>st</sup> day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60<sup>th</sup> day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC).

- **Upon divorce**

If you are divorced from a Federal employee, or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices. You can also download the guide from OPM's Web site, [www.opm.gov/healthcare-insurance/healthcare/plan-information/guides](http://www.opm.gov/healthcare-insurance/healthcare/plan-information/guides).

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, if you are a covered dependent child and you turn 26, etc.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

**Enrolling in TCC.** Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from [www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance). It explains what you have to do to enroll.

We also want to inform you that the Patient Protection and Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or

You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal or Tribal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

- **Health Insurance Market Place**

If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please visit [www.HealthCare.gov](http://www.HealthCare.gov). This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

- **Getting a Certificate of Group Health Plan Coverage**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information, get OPM pamphlet RI 79-27, *Temporary Continuation of Coverage (TCC) under the FEHB Program*. See also the FEHB Web site at [www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance); refer to the “TCC and HIPAA” frequently asked questions. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and information about Federal and State agencies you can contact for more information.

## Section 1. How this plan works

---

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. The Plan is solely responsible for the selection of these providers in your area. Contact the Plan for a copy of their most recent provider directory.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You only pay the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

**You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.**

### **General features of our High Option:**

The in-plan annual deductible does not apply to services that have a copayment. You do not have to meet the in-plan deductible before receiving the copayment benefit. The copayments do not count towards the deductible. The deductible and copayments count towards the out-of-pocket maximum.

The office visit copayment covers all services that are performed in that office visit.

### **We have Point-of-Service (POS) benefits:**

Our HMO offers Point-of-Service (POS) benefits. This means you can receive covered services from a participating provider without a required referral, or from a non-participating provider. These out-of-network benefits have higher out-of-pocket costs than our in-network benefits.

### **How we pay providers**

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your copayments or coinsurance.

Your Piedmont Community HealthCare physician provides your health care. Your primary care physician will coordinate all of your health care needs. Please note that a referral from your primary care physician is not necessary for emergency services or for up to two office visits each year for female members to a Plan OB/GYN physician.

### **Preventive care services**

Preventive care services are generally covered with no cost-sharing and are not subject to copayments, deductibles or annual limits when received from a network provider.

### **Your rights**

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB website ([www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance)) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Piedmont Community HealthCare, Inc. has been in existence 18 years,
- Piedmont Community HealthCare, Inc. is a for profit company,
- Customer satisfaction surveys are conducted each year for Piedmont Community HealthCare in conjunction with the parent company, Piedmont Community Health Plan,
- The network providers include approximately 180 primary care physicians and over 400 specialists.
- Providers are compensated based on our fee schedule and have agreed to a 20 percent withhold from their payments.

If you want more information about us, call 434-947-4463, or write to Piedmont Community HealthCare, 1937 Thomson Drive, Lynchburg, VA 24501. You may also contact us by fax at 434-947-3670 or visit our website at [www.pchp.net](http://www.pchp.net).

**Your medical and claims records are confidential**

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

**Service Area**

To enroll in this Plan, you must live in or work in our service area. This is where our providers practice. Our service area is: the cities of Bedford and Lynchburg; the counties of Albemarle, Amherst, Appomattox, Bedford, Buckingham, Campbell, Charlotte, Cumberland, Halifax, Lunenburg, Nelson, Nottoway, Pittsylvania, and Prince Edward.

Ordinarily, you should get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care or point-of-service benefits.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. Children in college are covered for emergency and urgent care, however, routine care is not covered at the higher point-of-service level while outside of our service area. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

## Section 2. Changes for 2014

---

Do not rely on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

### Changes to this Plan

- **Change under Organ/Tissue Transplants** – The Plan will provide coverage for Aggressive Non-Hodgkins Lymphomas, Mantle Cell Lymphoma, Adult T-cell Leukemia/Lymphoma, Peripheral T-cell Lymphomas and Aggressive Dendritic Cell Neoplasms.
- **Change under Prescription Drug Benefits** - The Plan will provide coverage for Vitamin D supplements to members age 65 and older with no cost sharing.
- **Change under Prescription Drug Benefit** - Women’s contraceptive drugs and devices - The Plan will provide coverage for contraceptives for women with no cost sharing and will provide coverage of the Morning After Pill with no cost sharing.
- **Change under Well Women Care** - BRCA Testing covered under certain criteria.
- **Habilitative Services** - The Plan will provide coverage for the diagnosis and treatment of autism spectrum disorder for children age two through six.
- **Changes to Physical, Occupational, and Speech therapy** - The Plan will now provide habilitative services equal to rehabilitative services.
- Your share of the non-Postal premium will decrease for Self Only and decrease for Self and Family. See page 74.

## Section 3. How you get care

---

**Identification cards** We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at or write to us at: Piedmont Community HealthCare, 1937 Thomson Drive, Lynchburg, VA 24501, 434-947-4463, 1-800-400-PCHP.

**Where you get covered care** You get care from “Plan providers” and “Plan facilities.” You will only pay copayments, or coinsurance, and you will not have to file claims, if you use our point-of-service program, you can also get care from non-Plan providers, or from participating providers without a required referral, but it will cost you more. In those instances, you will have a deductible and higher coinsurance with no copayments.

- **Plan providers** Plan providers are physicians, specialists and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.

We list Plan providers in the provider directory, which we update periodically. The list is also on our Web site.

- **Plan facilities** Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our Web site.

**What you must do to get covered care** It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care. Simply complete the primary care physician selection form and return it to us.

- **Primary care** Your primary care physician can be a family practitioner, general practitioner, internist or pediatrician. Your primary care physician will provide most of your health care, or give you a referral to see a specialist.

If you want to change primary care physicians or if your primary care physician leaves the Plan, call us. We will help you select a new one

- **Specialty care** Your primary care physician will refer you to a specialist for needed care. When you receive a referral from your primary care physician, you must return to the primary care physician after the consultation, unless your primary care physician authorized a certain number of visits without additional referrals. The primary care physician must provide or authorize all follow-up care. Do not go to the specialist for return visits unless your primary care physician gives you a referral. However, you may see participating OB/GYN physicians without a referral.

Here are some other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care physician will work with your specialist and us to develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals.

Your primary care physician will create your treatment plan. The physician may have to get an authorization or approval from us beforehand. If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. If he or she decides to refer you to a specialist, ask if you can see your current specialist.

If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, you will receive point-of-service benefits when you see a specialist who does not participate with our Plan.

- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic or disabling condition and lose access to your specialist because we:
  - terminate our contract with your specialist for other than cause;
  - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB program plan; or
  - reduce our service area and you enroll in another FEHB plan,

You may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us, or if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

• **Hospital Care**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

• **If you are hospitalized when your enrollment begins**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 1-800-400-7247. If you are new to the FEHB Program, we will arrange for you to receive care and reimburse you for your covered expenses while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92<sup>nd</sup> day after you become a member of this Plan, whichever happens first.

These provisions apply only to the hospital benefits of the hospitalized person.

**You need prior Plan approval for certain services**

Since your primary care physician arranges most referrals to specialists and inpatient hospitalization, the pre-service claim approval process only applies to care shown under *Other services*.

• **Inpatient hospital admission**

**Precertification** is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition.

- **Other services**

Your primary care physician has authority to refer you for most services. For certain services, however, your physician must obtain prior approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice. You must obtain prior authorization for:

- Hospitalization
- Some specialty drugs
- Surgical Procedures
- Treatment Therapies
- Transplants

**How to request precertification for an admission or get prior authorization for Other services**

First, your physician, your hospital, you, or your representative, must call us at 800-400-7247 before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and
- number of planned days of confinement.

- **Non-urgent care claims**

For non-urgent care claims, we will then tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15 day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

- **Urgent care claims**

If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether it is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to provide notice of the specific information we need to complete our review of the claim. We will allow you up to 48 hours from the receipt of this notice to provide the necessary information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 1-800-400-7247. You may also call OPM's Health Insurance number at (202) 606-0737 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 1-800-400-7247. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission**

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.

- **Maternity care**

Maternity care- You do not need to precertify your normal delivery. You may remain in the hospital for up to 48 hours after a regular delivery and 96 hours after a cesarean delivery. We will extend your inpatient stay if medically necessary. See Section 5(a) for more information.

- **If your treatment needs to be extended**

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

**What happens when you do not follow the precertification rules when using non-network facilities**

If precertification is required for a service and it has not been obtained, or if you fail to request precertification in a timely manner, or if you fail to request precertification at all, you may be responsible for facility services incurred according to the out-of-network plan design.

**Circumstances beyond our control**

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

**If you disagree with our pre-service claim decision**

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim**

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to

1. Precertify your hospital stay or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Subject to a request for additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

## Section 4. Your costs for covered services

---

This is what you will pay out-of-pocket for covered care

**Cost-sharing** Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

**Copayments** A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

Example: When you see your primary care physician you pay a copayment of \$35 per office visit.

**Deductible** A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

- The calendar year deductible is \$500 per individual and \$1,000 per family for in-plan benefits. A \$1,500 individual and \$3,000 family deductible applies to out-of-plan benefits.
- We also have separate deductibles for:

Note: If you change plans during Open Season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan. If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

**Coinsurance** Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance does not begin until you have met your calendar year deductible. Coinsurance applies to all services except for office visits and emergency/urgent care services.

Example: In our Plan, you pay 20% of our allowance for all hospital related services including inpatient, outpatient and diagnostic testing, infertility services and durable medical equipment .

**Waivers** In some instances, a Piedmont provider may ask you to sign a “waiver” prior to receiving care. This waiver may state that you accept responsibility for the total charge for any care that is not covered by your health plan. If you sign such a waiver, whether you are responsible for the total charge depends on the content of the contracts that the Plan has with its providers. If you are asked to sign this type of waiver, please be aware that, if benefits are denied for the services, you could be legally liable for the related expenses. If you would like more information about waivers, please contact us at 1-800-400-7247.

**Your catastrophic protection out-of-pocket maximum** After your (copayments and coinsurance) total \$4,000 per person or \$8,000 per family enrollment in any calendar year, you do not have to pay any more for covered services received in-plan.

Be sure to keep accurate records of your copayments and coinsurance since you are responsible for informing us when you reach the maximum. Please note that your out-of-pocket maximum for Point of Service benefits total to \$8,000 per person and \$16,000 per family (See page 50).

**Carryover**

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

**When Government facilities bill us**

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

**Section 5(a). Medical services and supplies provided by physicians and other health care professionals**

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- The calendar year deductible is \$500 per individual and \$1000 per family for in-plan benefits.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

## Section 5(d). Emergency services/accidents

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure.
- The calendar year deductible is \$500 per individual and \$1,000 per family for in-plan benefits.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

### What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

### What to do in case of emergency:

#### Emergencies within our service area:

- Medical care is available through your primary care physician 7 days a week, 24 hours a day. If you need medical care, you should call your primary care physician immediately for instructions on how to receive care.
- If the emergency is such that immediate medical attention is needed, you should be taken to the nearest appropriate medical facility.
- The Plan covers services rendered by providers other than participating Piedmont providers when the condition treated is an emergency as defined above.
- A telephone call from you to your primary care physician while at an urgent care center or emergency room will not be treated as a proper referral for urgent care or other non-emergency services.
- Emergency services provided within our service area shall include covered services from non-participating Piedmont providers only when a delay in receiving care from a participating Piedmont Provider could reasonably be expected to cause your condition to worsen if left unattended.

#### Emergencies outside our service area:

- Urgent care and emergency services outside the service area are covered services if you sustain an injury or become ill while temporarily away from the service area. Accordingly, benefits for these services are limited to care which is required immediately and unexpectedly. Neither elective care nor care required as a result of circumstances which could reasonably have been foreseen prior to departure from the service area is a covered service. Benefits for maternity care do not cover normal term delivery outside the service area, but do include earlier complications of pregnancy or unexpected delivery occurring outside the service area.
- If an emergency or urgent situation occurs when you are temporarily outside the service area, you should obtain care at the nearest medical facility. You or your representative are responsible for notifying your primary care physician on the next working day or within 48 hours. Failure to do so may result in reduced benefits or no benefits.
- Benefits for continuing or follow-up treatment must be pre-arranged by your primary care physician and provided in the service area.

See 5(c) for non-emergency service.	

**Section 5(e). Mental health and substance abuse benefits**

You need to get Plan approval (preauthorization) for services and follow a treatment plan we approve in order to get benefits. When you receive services as part of an approved treatment plan, cost-sharing and limitations for Plan mental health and substance abuse benefits are no greater than for similar benefits for other illnesses and conditions.

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible or, for facility care, the inpatient deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when a deductible does not apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PREAUTHORIZATION FOR THESE SERVICES.** Benefits are payable only when we determine the care is clinically appropriate to treat your condition and only when you receive the care as part of a treatment plan that we approve. The treatment plan may include services, drugs, and supplies described elsewhere in this brochure. To be eligible to receive full benefits, you must follow the preauthorization process and get Plan approval of your treatment plan:
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan’s clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

**Preauthorization**

Preauthorization is only required for in-patient hospital stays. Contact Piedmont Community HealthCare for authorization. Piedmont Community HealthCare can be reached locally at (434) 947-4463 or toll free at 1-800-400-7247.

## Section 5(f). Prescription drug benefits

### Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

**There are important features you should be aware of.** These include:

- **Who can write your prescription.** A plan physician or licensed dentist must write the prescription.
- **Where you can obtain them.** You must fill the prescription at a plan pharmacy, or by mail for a 90-day, 300 unit supply maintenance medication, or at a participating walk-in 90-day, 300 unit supply pharmacy such as CVS (see [www.pchp.net](http://www.pchp.net) for list of participating 90-day supply walk-in pharmacies).
- **These are the dispensing limitations.** Medically necessary prescribed legend drugs (drugs not available over the counter) incidental to outpatient care are covered services, including compound medications of which at least one ingredient is a legend drug, injectable insulin and syringes and needles for the administration thereof. For each prescription filled at the pharmacy, we will cover up to a 30-day or 100 unit supply, whichever is less. For maintenance medications received through the mail order benefit, we will cover up to a 90-day or 300 unit supply, whichever is less. Generic drugs will be dispensed except when a participating physician requires brand name drugs. If the physician does not require a brand name drug, you may request a brand name drug and pay the difference between the brand name drug and the generic drug, in addition to your appropriate copayment. Only maintenance medications may be ordered through the mail order benefit. You should allow two weeks for delivery. At least 60% of the maintenance medication must be used before a refill can be issued. If you are in the military and called to active duty due to an emergency, please contact us if you need assistance in filling a prescription before your departure.
- **Why use generic drugs?** Generic drugs are lower-priced drugs that are the therapeutic equivalent to more expensive brand-name drugs. They must contain the same active ingredients and must be equivalent in strength and dosage to the original brand-name product. Generics cost less than the equivalent brand-name product. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that these drugs meet the same standards of quality and strength as brand-name drugs.
- **You can save money by using generic drugs.** However, you and your physician have the option to request a name-brand if a generic option is available. Using the most cost-effective medication saves money.
- **When you have to file a claim.** Our participating providers will file claims for you. If you need to file a claim, contact customer service at 1-800-400-7247 and request a medical claim form. Complete the form, attach any receipts and mail it in to the address on the form.

## Section 5(i). Point of Service benefits

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Point of service benefits or out-of-network benefits will be provided when you receive services from providers other than your primary care physician without a referral from your primary care physician. Exceptions are emergency care and two visits per year to participating Plan OB/GYN physicians.
- The calendar year deductible is \$1,500 per individual and \$3,000 per family for out-of-network benefits.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e., physicians, etc.) are covered in Section 5(a) or (b).

### Point of Service (POS) Benefits

#### Facts about this Plan's POS option

At your option, you may choose to obtain benefits covered by this Plan from non-Plan doctors and hospitals whenever you need care, except for the benefits listed below under "What is not covered." Benefits not covered under Point of Service must either be received from or arranged by Plan doctors to be covered. When you obtain covered non-emergency medical treatment from a non-Plan doctor or a Plan doctor without a referral from your primary care physician, you are subject to the deductibles, coinsurance and maximum benefit stated below.

#### What is covered

All medical services listed as covered in the previous sections are covered services under the point of service or out-of-plan benefit.

Once you receive services from a non-Plan provider or without a referral from your primary care physician, then all charges related to those services are paid at the point of service or out-of-plan level. For example, if you see a specialist, Plan specialist or non-Plan specialist, without a referral from your primary care physician and then that specialist send you to a facility, Plan facility or non-Plan facility, then all of those charges will be paid at the point of service or out-of-plan level. Therefore, point of service coverage may be obtained in the service area or out of the service area.

#### Precertification

Precertification is not required for point of service or out-of-plan benefits.

#### Deductible

\$1,500 per individual per calendar year, \$3,000 per family per calendar year.

#### Coinsurance

You pay 30% of the allowable charge after the deductible for all covered services.

#### Maximum benefit

There is no maximum benefit under the point of service benefits; however, you do have an out-of-pocket maximum of \$8,000 per individual per calendar year, and \$16,000 per family per calendar year. Amounts over the allowable charge amounts, outpatient mental health services, prescription drug copayments and the vision exam copayment do not count towards the out-of-pocket maximum.

Hospital/extended care

The same covered services listed in the previous sections are covered under the point of service benefits. The same limitations apply. The allowable charge for facilities is the same as the actual charge so you will be responsible for 30% of those facility charges. The facility charge does not cover any charges for doctors' services.

Emergency benefits

Non-emergent conditions treated at an emergency room are always payable as out-of-plan benefits.

What is not covered

The same services listed as not covered in the previous sections, are not covered under the point of service or out-of-plan benefits either. In addition, all charges over the allowable charge amount are not covered.

How to obtain benefits

You may be required to file claim forms for services received from non-Plan providers. Contact customer service at 1-800-400-7247 to request claim forms. Complete the form, attach your receipt and mail in to the address on the form.

---

## **Section 6. General exclusions – services, drugs and supplies we do not cover**

---

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3 *When you need prior Plan approval for certain services*.

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants);
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest
- Services, drugs, or supplies related to sex transformations;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
- Services, drugs, or supplies you receive without charge while in active military service.

---

## Section 7. Filing a claim for covered services

---

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider.

If you need to file the claim, here is the process:

### **Medical and hospital benefits**

In most cases, providers and facilities file claims for you. Physicians must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, contact us at 1-800-400-7247, or at our Web site at [www.pchp.net](http://www.pchp.net).

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name, date of birth, address, phone number and ID number;
- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

**Submit your claims to: Piedmont Community HealthCare, P.O. Box 14408, Cincinnati, Ohio 45250-0408.**

### **Prescription drugs**

Prescriptions must be received from Plan pharmacies in order to be covered. Plan pharmacies file the claims for you. If for some reason you need to file a claim, contact customer service at 1-800-966-5772 to request a claim form, complete the form and mail it to the address below.

**Submit your claims to: Caremark, PO Box 52116, Phoenix, Arizona 85072-2116**

### **Deadline for filing your claim**

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

### **Urgent care claims procedures**

If you have an urgent care claim, please contact our Customer Service Department at Piedmont Community HealthCare, 1937 Thomson Drive, Lynchburg, VA, 24501, 434-947-4463, 800-400-7247. Urgent care claims must meet the definition found in Section 10 of this brochure, and most urgent care claims will be claims for access to care rather than claims for care already received.

We will notify you of our decision not later than 24 hours after we receive the claim as long as you provide us with sufficient information to decide the claim. If you or your authorized representative fails to provide sufficient information to allow us to, we will inform you or your authorized representative of the specific information necessary to complete the claim not later than 24 hours after we receive the claim and a time frame for our receipt of this information. We will decide the claim within 48 hours of (i) receiving the information or (ii) the end of the time frame, whichever is earlier. We may provide our decision orally within these time frames, but we will follow up with a written or electronic notification within three days of oral notification.

**Concurrent care claims procedures**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment as an appealable decision. If we believe a reduction or termination is warranted we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

**Pre-service claims procedures**

As indicated in Section 3, certain care requires Plan approval in advance. We will notify you of our decision within 15 days after the receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you fail to follow these pre-service claim procedures, then we will notify you of your failure to follow these procedures as long as (1) your request is made to our customer service department and (2) your request names you, your medical condition or symptom, and the specific treatment, service, procedure, or product requested. We will provide this notice within five days following the failure or 24 hours if your pre-service claim is for urgent care. Notification may be oral, unless you request written correspondence.

**Post-service claims procedures**

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

**Procedures for all other types of claims**

We will notify you of our decision within 30 days after we receive the claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review as long as we notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

**When we need more information**

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond. Our deadline for responding to your claim is stayed while we await all of the additional information needed to process your claim.

**Authorized Representative**

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, we will permit a health care professional with knowledge of your medical condition to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

**Notice Requirements**

If you live in a county where at least 10 percent of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes.

## Section 8. The disputed claims process

---

You may be able to appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please visit [www.pchp.net](http://www.pchp.net).

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 If you disagree with our pre-service claim decision, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing Piedmont Community HealthCare, 1937 Thomson Drive, Lynchburg, VA, 24501, or calling 434-947-4463, 800-400-7247.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration decision will not afford deference to the initial decision and will be conducted by a plan representative who is neither the individual who made the initial decision that is the subject of the reconsideration, nor the subordinate of that individual.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Step	Description
<b>1</b>	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none"><li>a) Write to us within 6 months from the date of our decision; and</li><li>b) Send your request to us at: Piedmont Community HealthCare, 1937 Thomson Drive, Lynchburg, VA 24501, ATTN: Appeals Coordinator ; and</li><li>c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and</li><li>d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.</li><li>e) Include your email address, if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly.</li></ul> <p>We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.</p>

## 2

In the case of a post-service claim, we have 30 days from the date we receive your request to:

- a) Pay the claim or
- b) Write to you and maintain our denial or.
- c) Ask you or your provider for more information

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

If you do not agree with our decision, you may ask OPM to review it.

## 3

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us -- if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, Health Insurance HI3, 1900 E Street, NW, Washington, DC 20415-3630.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

## 4

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

**Note: If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 434-947-4463 or 800-400-7247. We will hasten our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance 3, at 202-606-0737 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

## Section 9. Coordinating benefits with Medicare and other coverage

---

### When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit the NAIC web site at <http://www.NAIC.org>.

When we are the primary payor, we will pay the benefits described in this brochure.

When we are the secondary payor, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

### • TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

**Suspended FEHB coverage to enroll in TRICARE or CHAMPVA:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

### • Workers’ Compensation

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers’ Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

### • Medicaid

When you have this Plan and Medicaid, we pay first.

**Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

### When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

**When others are responsible for injuries**

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

**If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.**

**When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage**

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com, you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

**When you have Medicare**

• **What is Medicare?**

Medicare is a Health Insurance Program for:

- People 65 years of age or older
- Some people with disabilities under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant)

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE (1-800-633-4227), (TTY 1-877-486-2048) for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage Plan to get your Medicare benefits. We do not offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D. If you have limited savings and a low income, you may be eligible for Medicare's Low-Income Benefits. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA). For more information about this extra help, visit SSA online at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call them at 1-800-772-1213, (TTY 1-800-325-0778). Before enrolling in a new Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. This notice is on the first inside page of this brochure. This notice will give you guidance on enrolling in Medicare Part D.

• **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 1-800-772-1213, (TTY 1-800-325-0778) to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare Part B late enrollment penalty of a 10 % increase in premium for every 12 months you are not enrolled. If you didn't take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within 8 months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you are covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this plan, you still need to follow the rules in this brochure for us to cover your care. Your care must continue to be authorized by your Plan PCP, or precertified as required.

**Claims process when you have the Original Medicare Plan** – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payor, we process the claim first.
- When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claim, call us at 1-800-400-7247 or contact us at [www.pchp.net](http://www.pchp.net)

**We do not waive any costs if the Original Medicare Plan is your primary payor.**

- **Tell us about your Medicare coverage**

To reflect the new Medicare secondary payor requirement to collect health care ID numbers or SSNs for dependents who have Medicare you must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about enrolling in a Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227), (TTY 1-877-486-2048) or at [www.medicare.gov](http://www.medicare.gov).

If you enroll in a Medicare Advantage plan, the following options are available to you:

**This Plan and another plan’s Medicare Advantage plan:** You may enroll in another plan’s Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan’s network and/or service area (if you use our Plan providers), but we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

**Suspended FEHB coverage to enroll in a Medicare Advantage plan:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan’s service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

## Section 10. Definitions of terms we use in this brochure

---

<b>Calendar year</b>	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
<b>Clinical Trials Costs Categories</b>	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <ul style="list-style-type: none"><li>• Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient’s cancer, whether the patient is in a clinical trial or is receiving standard therapy</li><li>• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient’s routine care</li><li>• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes</li></ul>
<b>Coinsurance</b>	Coinsurance is the percentage of our allowance that you must pay for your care. See page 20.
<b>Copayment</b>	A copayment is a fixed amount of money you pay when you receive covered services. See page 20.
<b>Cost-sharing</b>	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.
<b>Covered services</b>	Care we provide benefits for, as described in this brochure.
<b>Custodial care</b>	Custodial care is care (including room and board needed to provide that care) that is given principally for personal hygiene or for assistance in daily activities and can, according to generally accepted medical standards, be performed by persons who have no medical training. Examples of custodial care are help in walking and getting out of bed; assistance in bathing, dressing, feeding; or supervision over medication which could normally be self-administered. Custodial care that lasts 90 days or more is sometimes known as Long term care. Please see pages 38-39 for your specific benefit.
<b>Deductible</b>	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 20.
<b>Experimental or investigational services</b>	<p>Experimental or investigative means any service or supply which is determined to be experimental or investigative in the Plan’s sole discretion. The Plan will apply the following criteria in exercising its discretion:</p> <p>Any supply or drug used must have received final approval to market by the United States Food and Drug Administration;</p> <p>There must be sufficient information in the peer reviewed medical and scientific literature to enable the Plan to make conclusions about safety and efficacy;</p> <p>The available scientific evidence must demonstrate a beneficial effect on health outcomes outside a research setting; and</p> <p>The service or supply must be a safe and effective outside a research setting as existing diagnostic or therapeutic alternatives.</p>

A service or supply will be experimental or investigative if the Plan determines that any one of the four criteria is not satisfied.

**Health care professional**

A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.

**Medical necessity**

Medically necessary services mean those covered services received are consistent with the diagnosis and treatment of the member's condition, are efficacious, are in accordance with standards of good medical practice, are not simply for the convenience of the member or provider and are performed in the most cost-effective setting available to the member. We will determine the medical necessity of a given service or procedure.

**Plan allowance**

Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Plans determine their allowances in different ways. We determine our allowance by a set fee schedule for covered services. Our allowable charge means the amount determined by the Plan for a specified covered service or the provider's actual charge for that service, whichever is less. We will never pay more than our allowable charge for any covered service.

**Post-service claims**

Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.

**Pre-service claims**

Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.

**Urgent care claims**

A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.

A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:

- Waiting could seriously jeopardize your life or health;
- Waiting could seriously jeopardize your ability to regain maximum function; or
- In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Urgent care claims usually involve Pre-serve claims and not Post-service claims. We will judge whether a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department at Piedmont Community HealthCare, 1937 Thomson Drive, Lynchburg, VA, 24501, 434-947-4463, 800-400-7247. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

**Us/We**

Us and We refer to Piedmont Community HealthCare.

**You**

You refers to the enrollee and each covered family member.

## Section 11. Other Federal Programs

---

Please note, the following programs are not part of your FEHB benefits. They are separate Federal programs that complement your FEHB benefits and can potentially reduce your annual out-of-pocket expenses. These programs are offered independent of the FEHB Program and require you to enroll separately with no government contribution.

### **Important information about three Federal programs that complement the FEHB Program**

First, the **Federal Flexible Spending Account Program**, also known as **FSAFEDS**, lets you set aside pre-tax money from your salary to reimburse you for eligible dependent care and/or health care expenses. You pay less in taxes so you save money. Participating employees save an average of about 30% on products and services they routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)** provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under FEDVIP you may choose self only, self plus one, or self and family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)** can help cover long term care costs, which are not covered under the FEHB Program.

### **The Federal Flexible Spending Account Program – FSAFEDS**

#### **What is an FSA?**

It is an account where you contribute money from your salary **BEFORE** taxes are withheld, then incur eligible expenses and get reimbursed. You pay less in taxes so you save money. **Annuitants are not eligible to enroll.**

There are three types of FSAs offered by FSAFEDS. Each type has a minimum annual election of \$250. The maximum annual election for a health care flexible spending account (HCFSA) or a limited expense health care spending account (LEX HCFSA) is \$2,500 per person. The maximum annual election for a dependent care flexible spending account (DCFSA) is \$5,000 per household.

- **Health Care FSA (HCFSA)** – Reimburses you for eligible health care expenses (such as copayments, deductibles, insulin, products, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26) which are not covered or reimbursed by FEHBP or FEDVIP coverage or any other insurance.
- FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.
- **Limited Expense Health Care FSA (LEX HCFSA)** – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to dental and vision care expenses for you and your tax dependents including adult children (through the end of the calendar year in which they turn 26) which are not covered or reimbursed by FEHBP or FEDVIP coverage or any other insurance.
- **Day Care FSA (DCFSA) (formerly known as the Dependent Care FSA)** – Reimburses you for eligible **non-medical** day care expenses for your child(ren) under age 13 and/or for any person you claim as a dependent on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse if married) must be working, looking for work (income must be earned during the year), or attending school full-time to be eligible for a DCFSA.

- If you are a new or newly eligible employee you have 60 days from your hire date to enroll in an HCFA or LEX HCFA and/or DCFA, but you must enroll before October 1. If you are hired or become eligible on or after October 1 you must wait and enroll during the Federal Benefits Open Season held each fall.

**Where can I get more information about FSAFEDS?**

Visit [www.FSAFEDS.com](http://www.FSAFEDS.com) or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS (1-877-372-3337), Monday through Friday, 9 a.m. until 9 p.m., Eastern time. TTY: 1-800-952-0450.

**The Federal Employees Dental and Vision Insurance Program – FEDVIP**

**Important Information**

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is separate and different from the FEHB Program. This Program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations for enrollment.

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Employee premiums are withheld from salary on a pre-tax basis.

**Dental Insurance**

All dental plans provide a comprehensive range of services, including:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with up to a 12-month waiting period. **Beginning in 2014, most FEDVIP dental plans cover adult orthodontia. Review your FEDVIP dental plan’s brochure for information on this benefit.**

**Vision Insurance**

All vision plans provide comprehensive eye examinations and coverage for your choice of either lenses, and frames or for contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

**Additional Information**

You can find a comparison of the plans available and their premiums on the OPM website at [www.opm.gov/dental](http://www.opm.gov/dental) and [www.opm.gov/vision](http://www.opm.gov/vision). These sites also provide links to each plan’s website, where you can view detailed information about benefits and preferred providers.

**How do I enroll?**

You enroll on the Internet at [www.BENEFEDS.com](http://www.BENEFEDS.com). For those without access to a computer, call 1-877-888-3337, (TTY 1-877- 889-5680).

## **The Federal Long Term Care Insurance Program – FLTCIP**

**It's important protection**      The Federal Long Term Care Insurance Program (FLTCIP) can help pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living – such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment such as Alzheimer’s disease. For example, long term care can be received in your home from a home health aide, in a nursing home, in an assisted living facility or in adult day care. To qualify for coverage under the FLTCIP, you must apply and pass a medical screening (called underwriting). Federal and U.S. Postal Service employees and annuitants, active and retired members of the uniformed services, and qualified relatives are eligible to apply. Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. For more information, call 1-800-LTC-FEDS (1-800-582-3337), (TTY 1-800-843-3557), or visit [www.ltcfeds.com](http://www.ltcfeds.com) .

## 2014 Rate Information for Piedmont Community HealthCare

**Non-Postal rates** apply to most non-Postal employees. If you are in a special enrollment category, refer to the Guide to Federal Benefits for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to Postal Service employees. They are shown in special Guides published for APWU (including Material Distribution Center and Operating Services) NALC, NPMHU and NRLCA Career Postal Employees (see RI 70-2A); Information Technology/Accounting Services employees (see RI 70-2IT); Nurses (see RI 70-2N); Postal Service Inspectors and Office of Inspector General (OIG) law enforcement employees and Postal Career Executive Service employees (see RI 70-2IN); and non-career employees (see RI 70-8PS).

**Postal Category 1 rates** apply to career bargaining unit employees covered by the Postal Police contract.

**Postal Category 2 rates** apply to career non-bargaining unit, non-executive, non-law enforcement employees, and non-law enforcement Inspection Service and Forensics employees.

For further assistance, Postal Service employees should call:

Human Resources Shared Service Center

1-877-477-3273, option 5

TTY: 1-866-260-7507

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable Guide to Federal Benefits.

Premiums for Tribal employees are shown under the monthly non-postal column. The amount shown under employee contribution is the maximum you will pay. Your Tribal employer may choose to contribute a higher portion of your premium. Please contact your Tribal Benefits Officer for exact rates.
