

Piedmont Individual Health Care Provider Directory

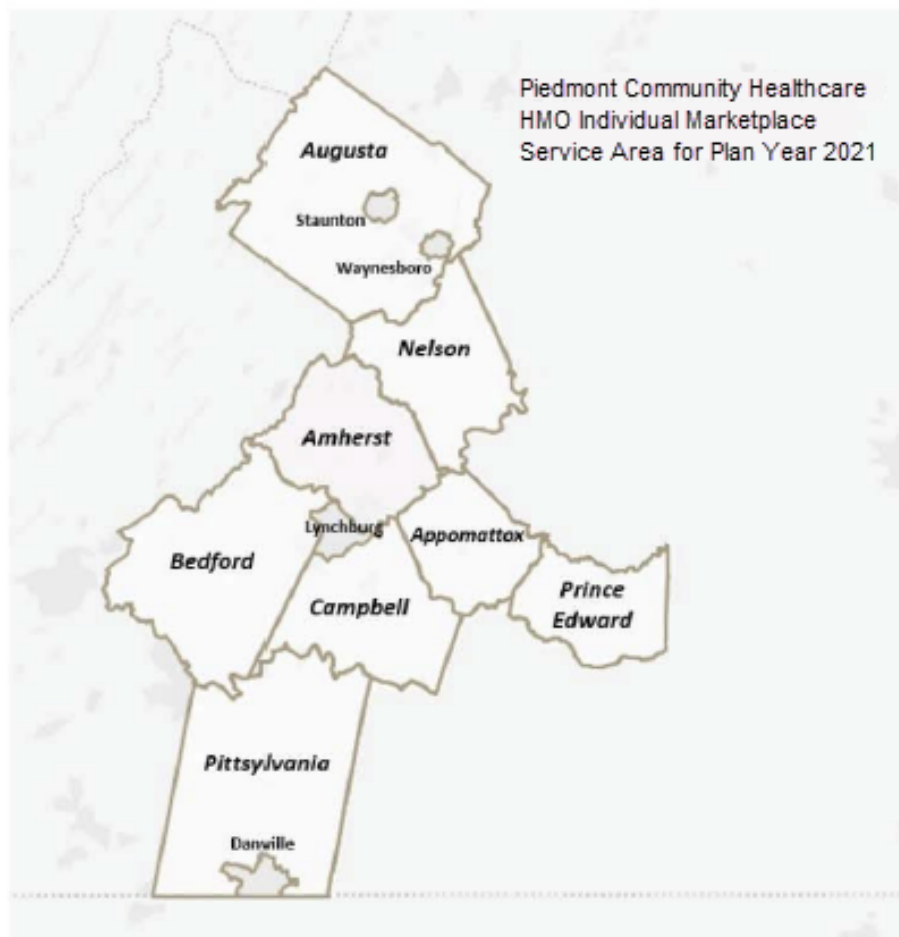

PIEDMONT COMMUNITY HEALTHCARE HMO, INC.
2316 Atherholt Road • Lynchburg, VA • 24501

This Directory identifies physicians, hospitals and ancillary service providers participating in the provider network at the time it is printed. This Directory is subject to change as current network participants change their participation status, move or retire. You should always ask the doctor, hospital or other health care provider each time you request health services if they participate with the Piedmont Community Health Plan network.

For participant status updates, please check our website at www.pchp.net or call Piedmont Community Health Plan at: 1-434-947-4463 or 1-800-400-7247.

Piedmont's Coverage Map

Piedmont does not use quality measures, member experience measures or cost-related measures to select practitioners.

Piedmont does not use use quality measures, member experience measures, patient safety measures or cost-related measures to select hospitals.

Piedmont Community Healthcare HMO, Inc. does not discriminate on the basis of race, color, national origin, disability, age, sex, gender identity, sexual orientation or health status in the administration of the plan, including enrollment and benefit determinations.

Introduction and Welcome

As Central Virginia's very own managed healthcare organization, Piedmont Community Healthcare HMO, Inc. (Piedmont HMO) is dedicated to providing its members with access to medical care that represents the highest standards for quality and efficiency. We operate on the principle that your personal physician should manage your healthcare and that there should be close cooperation between healthcare providers, patients, and the health plan.

This Directory identifies physicians, hospitals and ancillary service providers participating in the provider network at the time it is printed or posted to the Piedmont HMO website; however, it does not guarantee that the provider is still in the network or accepting new patients at the time of your visit. It is the member's responsibility to know which providers are participating providers in Piedmont HMO's network. **You should always ask the doctor, hospital or other health care provider each time you request health services if they participate with the Piedmont HMO network.**

For the latest participant status updates, please check our website at www.pchp.net or call Piedmont HMO at **434-947-4463** or **800-400-7247**.

You should select a Primary Care Physician (PCP) from the list of participating PCP's in this Directory. Your PCP will manage and coordinate all your care and will also refer you to a Specialist if needed. You are also free to see any Specialist without a referral from your PCP. If you choose to receive care from a provider who does not participate in Piedmont's network without prior approval, you will be responsible for all charges as there are no out-of-network benefits with this plan. Additionally, you may be subject to balance-billing by the out-of-network provider. You should refer to your Plan documents for detailed information concerning your benefits.

The information contained in this directory originates from the credentialing information received when there is an addition to the network. Piedmont reaches out to the providers and facilities at least quarterly to confirm their information and obtain any changes. Updates are made within 30 days of receipt and the website is updated daily.

Providers

This Piedmont HMO provider network contains primary care, specialist, and mental/behavioral health providers. In this directory, Physician means a person who is certified or licensed under the laws of the state to provide medical services within the scope of such certification or licensure, such as a Doctor of Medicine or a Doctor of Osteopathy. Any other health care provider or allied practitioner who is mandated by state law and who acts within the scope of their license will be considered on the same basis as a Physician. Physician includes Primary Care Physician (PCP), Specialist Physician, nurse practitioner, physician assistant, and any other qualified licensed clinician.

Piedmont HMO has created this network to ensure that our members have a sufficient number and type of providers to assure that all services will be accessible without unreasonable delay and within reasonable distance and time parameters.

A Credentialing Program has been created to ensure that licensed health care providers meet the minimum credentials and performance standards for participation in Piedmont HMO's network. The credentialing and re-credentialing processes encompass a thorough review and validation of a practitioner or provider's credentials and qualifications, including, but not limited to, malpractice history, licensure status, and quality of care issues. In conjunction with established credentialing policies and procedures, Piedmont HMO utilizes the most up-to-date NCQA and CMS standards. These standards are intended to comply with Commonwealth of Virginia law.

Piedmont HMO's Medical Affairs Committee is responsible for examining the qualifications and practice patterns of individual applicants and re-applicants. The Medical Affairs Committee makes the final determination regarding provider membership in the Piedmont network.

Hospitals/Facilities

Hospital shall mean a skilled medical facility or hospital licensed under the appropriate state law as a general acute care facility and eligible for participation under the programs established by Titles XVIII and XIX of the Social Security Act.

Piedmont HMO has created this network to ensure that our members have sufficient access to quality hospitals and acute care facilities without unreasonable delay and within reasonable distance and time parameters.

Before Piedmont HMO contracts with an organizational provider such as a hospital, Piedmont HMO will assess that the organizational provider is in good standing with state and federal regulatory bodies and confirms accreditation by an appropriate accrediting body. Acceptable regulatory and accrediting bodies for hospitals and acute care facilities are The Joint Commission (TJC), Healthcare Facilities Accreditation Program (HFAP), Center for Improvement in Healthcare Quality (CIHQ), and National Integrated Accreditation for Healthcare Organizations (NIAHO).

Piedmont HMO does not use quality measures, member experience measures, patient safety measures or cost-related measures to select practitioners or hospitals.

Nondiscrimination Notice

Piedmont Community Health Plan, on behalf of itself and its affiliates (hereafter “Piedmont”) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Piedmont does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.
