CHANGING THE PATHWAY

PROGRAM HIGHLIGHTS

MEDAXIOM
AN ACC COMPANY

&

WASHBURN
UNIVERSITY

MedAxiom has partnered with Washburn University's already outstanding accredited Diagnostic Medical Sonography (DMS) program to help create an easy pathway for students to enroll in this unique program.

Accelerated one-year program broken into three semesters (Fall, Spring, Summer)

Washburn University program guides are given to the students and the on-site clinical instructor(s) to make sure education benchmarks are outlined and met each semester

Didactic virtual classes let students learn on their schedule day-to-day, while keeping on track with the university's semester guidelines and deadlines

Clinical instructors will be picked by your organization to handle on-site, hands-on learning with guidance from the Washburn clinical manual

MEDAXIOM BENEFITS

Financial Sponsorship

MedAxiom will invoice the organization directly for the “save your spot” deposit and full tuition at the start of the program. No need for FAFSA forms or tuition reimbursements.

Student Pre-Screening

MedAxiom reviews the student’s academic records before they are passed on to Washburn University to help evaluate student eligibility. This allows the student to meet all the Washburn criteria before going through the process of applying.

Clinical Experience Exception

Washburn allows for MedAxiom pathway students who may not come from a clinical background to still be considered for this program.*

*Students must complete all the required courses even if granted the clinical experience exception

STUDENT REQUIREMENTS

All courses must be from an accredited college and be completed with a “C” or higher

Communications (English Composition, Speech)

Mathematics (College Algebra or higher)

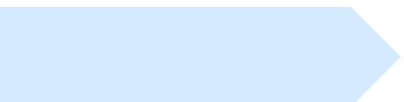

Human Anatomy*

Human Physiology*

Physics

Overall GPA of 2.5 or greater

*if the course is combined with Human Anatomy and Physiology, students need to complete levels 1 & 2

COST TO YOUR ORGANIZATION

Exact tuition cost is subject to change each year per Washburn University

“Save Your Spot” Deposit - \$3,000

Once your organization has decided to move forward, this deposit guarantees one seat in the upcoming class. You do not have to have a named student when paying the deposit. This is to confirm your organization will send a student. This invoice will come from MedAxiom via quickbooks email.

Tuition for full program - \$17,500-18,500

Tuition may experience slight modifications year over year based on price adjustments set by Washburn University.

Miscellaneous Costs - \$2,000

Books, scrubs, virtual learning subscription, extra supplemental study materials/guides, board exam fees, etc. will all be **on the student** to purchase directly. It is up to the organization if they would like to reimburse the student for these extra expenses.

Important Dates!

Now through February 1, 2026 – submit unofficial transcripts to MedAxiom for pre-screening, student will need to enroll in any missing courses if completed in May 2026. *If you are new to the MedAxiom pathway, you will need to submit an affiliation agreement.*

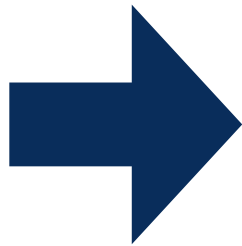

February 1, 2026 – deadline for “Save your Spot” deposit, student name, and MedAxiom paperwork to be submitted.

February 1, 2026 through March 1, 2026 – Washburn official application process begins, student will be fully responsible for Washburn application elements such as submitting formal transcripts, scheduling observation at your clinical site, obtaining letters of recommendation from clinicians, etc.

March 1, 2026 through May 1, 2026 – Washburn will contact student directly when eligibility is confirmed. Future communication will be with student and Washburn University. MedAxiom is here for any outlying questions/concerns.

NEXT STEPS

Meet with
MedAxiom

- Please include any decisions makers, internal career development staff, or anyone who will be responsible for aiding the students in the program or will handle their approval/paperwork for your organization.
- Our Academy team along with VP of Care Transformation, Jaime Warren, will schedule an overview meeting to go over any outstanding questions

Q&A

For any questions, to set up a meeting to discuss, or to find out more – please email academy@medaxiom.com or visit our website: [**https://www.medaxiom.com/sonography**](https://www.medaxiom.com/sonography)
